Remarks:

These two reports on the mockup demonstration by [REDACTED] say they were disappointed and we should not sign a contract until the missing specifications are fulfilled.

The men tell me that O/Logistics and the [REDACTED] Engineers feel the missing items are of little consequence and they are going to recommend signing the contract.

I suggest you phone Mr. [REDACTED] in O/Log, RECD and tell him you understand there is a difference of opinion and that you hope his office will not sign any contract until you and he can meet with his men and your men to discuss the conditions of the equipment.
